Portfolio

See My Work

Professional Full Stack Drupal Developer

Experienced in building dynamic, user-friendly web solutions using Drupal. Skilled in front-end and back-end development, creating custom modules, and ensuring seamless user experiences. Passionate about clean code, performance optimization, and delivering scalable digital solutions.

WORK EXPERIENCE

- Codeetechs** Sep 2024 - present
Senior Drupal Developer
Developed custom Drupal modules and integrated external APIs to enhance system interactions. Utilized deep Drupal expertise to build dynamic, user-focused interfaces, delivering scalable and robust web solutions.
- Codeetechs** Nov 2022 - Sep 2024
Junior Drupal Developer
Assisted in developing and maintaining Drupal-based websites by creating custom modules and themes. Supported senior developers in integrating APIs and third-party services. Contributed to front-end development using HTML, CSS3, and JavaScript, ensuring responsive and accessible interfaces. Actively participated in debugging and testing to ensure stable, scalable, and high-quality code.
- Codeetechs** Nov 2022 - Oct 2023
Frontend Developer
Led front-end development using React, Next.js, and Tailwind CSS to craft responsive and high-performance interfaces. Followed best practices to integrate with Drupal and optimized SASS/CSS and JavaScript for smooth, engaging user experiences.
- Codeetechs** May 2022 - Nov 2022
Internship as a Front-end Developer
Conducted thorough code reviews and debugging to maintain code quality and efficiency. Developed custom Drupal modules using PHP to meet specific backend needs. Collaborated with senior developers to build dynamic front-end features with JavaScript and React, enhancing user interaction and overall project quality.
